Apollo Tyres Q1 net up 185%

FE BUREAU
Kochi, August 1

TYRE MAJOR APOLLO Tyres on Wednesday announced a 185%

year-on-year increase in consolidated net profit for the three months to June at ₹252 crore. The net sales for the quarter stood at ₹4249 crore, which is

higher by 30%, aided by a healthy growth both in India and Europe across product segments for the company.

While Indian operations, backed by a robust performance of the commercial vehicle and passenger car tyre segments, grew 32% to close at ₹3,021 crore, European operations' revenue was up 22% to close at ₹1,242 crore, Apollo sources said.

Commenting on the results, Apollo Tyres chairman Onkar S Kanwar said, "All our operation have done well in the past quarter, and have reported a good set of numbers. This is a result of planning and investments in capacities, both in India and Europe, in addition to the increasing demand for our products with the OEMs, as well as in the replacement market. Going forward, our growth momentum will continue despite the challenges posed by the raw material cost push, transporters strike and the new loading norms for commercial vehicles in India."

When asked how he feels about Freshworks achieving Unicorn status, he said that it was something that was bound to happen, with the intensity the company had shown right from the start. "This milestone, though significant, will not deviate us from the journey to create history," he said.

Freshworks had on Tuesday announced the raising of \$100 million in a Series G funding round led by Accel Partners and Sequoia Capital, which also saw participation from CapitalG, taking the total amount raised to \$250 million through seven rounds.

On the challenges and opportunities on the way to achieving the milestone of becoming an Unicorn, Mathru-bootham said, "Challenges are always aplenty when you are a SaaS start-up. At this point of time, our biggest challenge is moving up-market. We have always been a strong player in the SMB space and now we are moving aggressively into the mid-market. We see it as an opportunity to scale and expand globally and this is just the tip of the iceberg."

Freshworks had recently touched \$ 100 million in its annual recurring revenue.

The company has hired former AppDynamics vice-president of finance and treasury Suresh Seshadri as its chief financial officer. Mathru-bootham said that Seshadri will play a huge role in helping with the company's financial management strategy. "It will point us towards the path to breaking even," he said.

Seshadri had previously helped prepare AppDynamics for its IPO before it was acquired by Cisco in 2017. Mathru-bootham said the company does believe that it will have to eventually go for an IPO, but right now the focus would be to invest on the products and expand internationally.

Since its last funding round, Freshworks has made several acquisitions, around nine in a span of two years, including 1CLICK, Frilp, Konotor, Framebench and Zarget, to further bolster its product offerings.
